### Hard Work is Feature of Football Practice

Blood flew and rough stuff had a place in the workout of the Klamath county high school football squad last night. This is taken as evidence that Coach Huggins already has got the boys to work, and intends to get them in condition very soon.

Thirteen candidates for the team were out in suits last night besides a few others who have not obtained suits yet. The squad seems to have the speed and the avoidpoups, and soon will be mastering the intricacies of the game.

With the starting to school next Monday of several other students, four of whom won their letter last year, stock in the team will rise. Among these boys are Bill McMillan, Ira Orem Garner Lundy, Robert Elliott, Paul Hilton, Lyle Johnson and

The purpose of the reception is to get the new students in the high school and the new teachers acquainted with the old students and teachers and with one another. In past years each church has given a similar reception, but this year the federation will be the host.

Many novel features in entertainment are promised by the federation, and a good time is assured to all who attend.

### BOMB TRIAL IS GETTING HOTTER

DEFENSE OBJECTS TO EVIDENCE SHOWING BILLINGS IN FAMILIAR WITH BOMBS--STATE IS INSISTANT

United Press Service  
SAN FRANCISCO, Sept. 14.—An attempt on the part of the prosecution

Clarence Montgomery. Those who were out in suits last night are Bill Melhase, Harry Stewart, Graham Kell, Jake Steiger, George Riggs, Tom Dellzell, Ernel Stearns, Herman Foster, Cecil Adams, Carl Adams, Kenneth Perry, Arnold Moteschenbacher and Wade Short. Some of them have never played football before, but look promising.

The high school team is scheduled to play a practice game next week, probably Wednesday afternoon, with a team of boys who are not attending school. Candidates for this team will meet at Modoc Park Sunday afternoon at 2:30 o'clock. At this time the team will be selected and signal practice held. It probably will be the only practice before the game. Anyone is eligible for this team.

to have the jury hear a recital of Warren K. Billings' past record today caused the first clash between the two sides in the bomb explosion trial. The defense demanded withdrawal of questions to Detective Kramer of Sacramento, who arrested Billings in 1913 on a charge of transporting dynamite, a crime of which he was convicted.

The battle over admission of this evidence became so strong that the jury was excused while the court heard the arguments. The state contends that this is a vital point to show Billings' familiarity with dynamite and bombs.

### Moving Pictures

The picturesque grandeur of Alpine surroundings has been used as a background for Marguerite Clark's latest film appearance, "Out of the Drifts," the Famous Players Paramount picture which is the attraction at the Star tonight. In this stirring tale Miss Clark has an opportunity to do a different sort of acting from anything she has done before, but the same irresistible charm is there and the unforgettable Clark personality invests the little mountain lass with the appealing loveliness that holds one fascinated to the very end of the story.
